

- ★ 10 AMP power
- ★ 20 AMP power (total)
- Water tap
- Tree stump
- Logs
- Fire pit
- Trees

***POWER*:** Items with a heating/cooling element (kettle/urn) can only be plugged into the Stable/River Gum lawn power outlet marked 20 AMP. The 20 AMP power outlet is for coffee station/cool room/bar vendor. It has 20 AMP power in total and is on its own breaker. Power sources, although plentiful are required to be nominated before arriving on site as power is shared amongst all vendors.
